3834-DRL
HSS PILOT DRILL FOR ARBORS

FEATURES:
- To be used in combination with Bi-Metal holesaws
- 3834-DRL fits any arbor except for arbors with a Quick-Eject function
- The HSS pilot drill makes a hole in the workpiece before the teeth of the holesaw become engaged, guiding and keeping the holesaw in the correct position during the sawing operation
- The HSS pilot drill is designed for Metal & Wood applications but not for abrasive materials, such as brick
- Packed in retail packaging
